

2021: Climb and Maintain

In addition to missions for medical care, our volunteer pilots dedicated their time to fly kids to camps, cargo for COVID-19 relief, blood that was lifesaving for countless patients, flights to relocate domestic violence survivors to safety, and even search-and-rescue dogs in training. Thank you for being part of our success in 2021.

VISION & VALUES

Our vision is a culture of care in which all people have access to health care and other essential services regardless of social, economic or geographic circumstances. Angel Flight West is a board-led, staff-managed and volunteer-driven organization focused on safety and professionalism, operating honestly and transparently, and always seeking to improve.

Our work is shaped by a core set of values:

- Creating a strong sense of community, where all stakeholders are welcome
- Inviting open communication, giving everyone an equal voice
- Maintaining a culture of safety, above all else

MISSION STORY OF 2021

AFW celebrated its 90,000th lifetime mission in July 2021, when Washington Wing pilot Jon Lange flew Jenny A. home to Reno, after she'd spent seven months at University of Washington Medical Center battling complications from COVID-19. "It was so sweet to be with my kids and my husband again," Jenny said, "to actually be able to touch them and hug them."
